### RELATIONSHIPS AND SERVICES

#### WHAT INVESTMENT SERVICES AND ADVICE CAN YOU PROVIDE TO ME?

Accuvest Global Advisors provides personalized confidential financial planning and investment management to individuals, pension and profit-sharing plans, trusts, estates, charitable organizations, and small businesses. In many cases, the financial planning is part of the investment advisory services. Financial planning generally advises clients regarding cash flow, college planning, retirement planning, tax planning and estate planning and insurance.

##### \* **Asset Management Services**

- We will provide you advice on a regular basis. We will discuss your investment goals and help you design a strategy to achieve your investment goals.
- We will regularly monitor your account.
- You can choose an account that allows us to buy and sell investments in your account without asking you in advance (a “discretionary account”) or we may give you advice and you decide what investments to buy and sell (a “non-discretionary account”). If you choose a non-discretionary account, you will make the ultimate decision to buy or sell an investment.
- We will review your account at least monthly and contact you by phone, email, or video conference at least quarterly to discuss your portfolio.
- We require that you invest at least \$100,000 to obtain our asset management services.

##### \* **Financial Planning Services**

- We offer financial planning services that involve preparing a financial plan for you based on information and documentation you provide to us including your financial objectives, risk tolerance, financial resources, family situation, and future financial goals. The plan will include general recommendations for a course of activity or specific actions for you to take. You decide to implement any recommendations.
- Once we deliver your financial plan, we do not monitor your financial situation on an ongoing basis. You must contact us if you have any significant changes in your financial situation and we will update your plan upon your request.

**FOR ADDITIONAL INFORMATION**, please see our Form ADV Part 2A brochure Items 4, 7, and 13.

#### QUESTIONS TO ASK US:

- ▶ *Given my financial situation, should I choose an investment advisory service? Why or why not?*
- ▶ *How will you choose investments to recommend to me?*
- ▶ *What is your relevant experience, including your licenses, education, and other qualifications? What do these qualifications mean?*

### FEES, COSTS, CONFLICTS, AND STANDARD OF CONDUCT

#### WHAT FEES WILL I PAY?

Fees and costs affect the value of your account over time. The following summarizes the fees and costs you will pay for our advisory services.

##### **Asset Management Fees**

- \* The amount you pay to our firm and your financial professional generally does not vary based on the type of investments we select on your behalf. The asset-based fee reduces the value of your account and will be deducted directly from your account.
- \* Our fees vary and are negotiable. The amount you pay will depend, for example, on the services you receive and the dollar value of assets in your account.
- \* For **asset management accounts** that are not part of a wrap fee program, you will sometimes pay a transaction fee when we buy and sell an investment for you.
- \* You will pay fees to a broker-dealer or bank that will hold your assets such as custodian fees and account maintenance fees.
- \* Some investments (such as mutual funds and variable annuities) impose additional fees that will reduce the value of your investment over time.
- \* The more assets you have in the advisory account, including cash, the more you will pay us. Therefore, we have an incentive to increase the assets in your account to increase our fees. You pay our fee quarterly even if you do not buy or sell.
- \* An asset-based fee may cost more than a transaction-based fee, but you may prefer an asset-based fee if you want continuing advice or want someone to make investment decisions for you. You may prefer a wrap fee program if you prefer the certainty of a quarterly fee regardless of the number of transactions you have.

## Financial Consulting Fees

- \* We generally charge a fixed fee that is due at the end of the project, or on an ongoing basis based on our agreement. Our fees vary and are negotiable. The amount you pay will depend on the complexity of your situation and your needs.

*You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.*

## WHAT ARE YOUR LEGAL OBLIGATIONS TO ME WHEN ACTING AS MY INVESTMENT ADVISER? HOW ELSE DOES YOUR FIRM MAKE MONEY AND WHAT CONFLICTS OF INTEREST DO YOU HAVE?

We are held to a fiduciary standard that covers our entire investment advisory relationship with you including monitoring your portfolio, investment strategy, and investments on an ongoing basis, among other requirements.

When we act as your investment adviser, we must act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice, we provide you. Here are some examples to help you understand what this means.

- \* The more assets you have in your advisory account, including cash, the more you will pay us. Therefore, we have an incentive to increase the assets in your account to increase the amount we earn (i.e., recommending that you rollover your retirement plan account or transfer assets to our firm).
- \* We can make extra money by advising you to invest in certain investments, such as mutual funds we sub advise, because they are managed by someone related to our firm.
- \* We can make extra money if you act on our financial planning recommendations, and you choose to open an advisory account through us.
- \* We charge clients different fees for the same investment strategy.

## HOW DO YOUR FINANCIAL PROFESSIONALS MAKE MONEY?

- \* We compensate our financial professionals based on the amount of client assets they service. The more assets you have in the advisory account, including cash, the more you will pay us and the more your financial professional will earn. Therefore, your financial professional has an incentive to increase the assets in your account to increase the amount he or she earns (i.e., recommending that you rollover your retirement plan account or transfer assets to our firm).
- \* Your financial professional can earn non-cash benefits from certain product sponsors such as free conferences, marketing support or other non-cash compensation. Therefore, your financial professional may have an incentive to invest in those products whose sponsors provide the non-cash benefits.
